

Susan Carol Rauh

January 31, 1953 - November 12, 2020

Susan Carol Ray Rauh, of Forney, passed away on November 12, 2020 at her home. Susan was born Jan. 31, 1953 in Lake Charles, LA to T.J. and Ruby (Brown) Ray, both of whom preceded her in death along with her grandparents, William and Bertie Mae Brown and Lonnie and Melissa Ray and her husband, George "Gene" Rauh, Jr. Susan graduated from Glen Oaks High School in 1971 where she was a Pantherette on the Glen Oaks HS dance team. She then attended University of Southwestern Louisiana in Lafayette where she was again on the dance team, the Sweethearts. Her love of dancing led her to begin her collegiate major in Choreography however, she had a love for helping others which led her to change her major to Psychology. While living in Germany, she took courses through the University of Maryland where she received her Bachelor's Degree in Psychology. Susan would then continue her education at Louisiana State University in Baton Rouge where she graduated with her Master's degree in Social Work. As Susan's dedication to her education grew, so did her calling to help others. She fulfilled her passion as a Social Worker all over the country including Louisiana, Florida, Washington, Alabama, Texas, Alaska, Oklahoma and finally coming back to Texas where she became employed with the VA Hospital in Dallas. Her ability to determine the best treatment and resources in helping others made her an invaluable asset to the VA's care for veterans and their families. She enjoyed the patients and her coworkers so much and was content to stay until her retirement. While she was young, Susan enjoyed swimming along with dancing and music. Later in life, she stayed active and looked forward to shopping, antiquing, church functions and fellowship and watching sports especially her sons and grandchildren on the field. Spending time with her family was Susan's favorite time and took every opportunity to catch up on all their activities and their lives both in person and with comforting phone calls in which no detail was too small to be celebrated and remembered. A wonderful mom, grandma, sister, aunt and friend, Susan's legacy of unconditional love to her family and her generosity to others will be a legacy each person will always remember and carry on into future generations.

Susan is survived by her sons: Keelan Bubb and wife, Heather and Terence Bubb and wife, Peggy; grandchildren: Madalynn Bubb, Zayren Bubb, Sahara Dawson, Westin Bubb, and Kylie Sewell; step children Shane Rauh, Laura Andrews, Annie Allred, Eric Rauh,

Kate Rauh, and children; honorary daughter and son in law Deanna and Tim Sewell; sisters: Donna Kimbell, Gail Dignam and husband, Michael, Jane Bernard and husband, Sardy, Angelia Cambre and husband, North; cherished dog, Little Bit as well as numerous nieces, nephews, other extended family and friends.

“ Oh my GOD. Susan has been my therapist for the past several months. Susan helped me with my depression and anxiety issues and I miss her dearly. I realized something was wrong when she missed my weekly sessions for the past several weeks. Such a beautiful person and touched my heart in just a short period of time. I'm really going to miss Susan and I know she is in a better place. I love you Susan. Gabriel Christmas,

“ Susan touched my life and I was fortunate to have had a few years of her presence. As the new kid on the block at work at the VA, she would check on me daily. Susan continued to be Susan, with new each new staff member offering the same kindness and welcoming heart. She would make time for those around her, and she made 2019 a bit better for me after that tornado change my life. Her offering me help with furniture and rebuilding was a Godsend. Just so you know, she took me to her favorite Antique Mall and I would joke with her for getting me hooked.

How Susan did what she did was amazing—remembering the little things about people like birthdays, favorite colors, and likes. Susan just had a way of being...Her laugh, her smile, her heart, and her caring. To her family, I am praying with you and sending all the love, warmth, and solace during this time for you. While there are tears and sadness at this time, there are also those beautiful memories and traditions to cherish and carry-on. Again, I am sending you all warmth and support for all your days.

“ I worked with Susan for a number of years during my time at the Dallas VA. She was my office neighbor and I appreciated the conversations we had. I admired her courage and gentle spirit. Susan was truly a gem. I'll never forget the kind words and unique gift she gave me when my mother passed. It comforted my spirit in a special way. Despite feeling sad upon hearing of Susan's sadness, I am honored to have encountered one of God's angels.

To her family, I offer my condolences to you. I know what it's like to lose such a beloved soul. There's deep sadness but also great joy in the memories you cherish. Carry on her legacy of humility, love, and service as that would be the greatest way to honor her memory. Know that I am praying for you.

Sincerely,
Dr. Perry

“ Susan, on my life's journey I will never forget a soul like you. You touched the lives of so many people. Your calling in this time here was deeply fulfilled and will truly not be the same without you. The world is less without your presence. There are no words for the loss that those who loved you and cared for you feel. You shook things up, made people laugh, spoke your mind in the face of right vs. wrong, and helped lifted people to a higher purpose and calling. You were different; one of a kind, a limited edition, if you will. And I loved that about you. While working with you for the last five years, I only have to say, I wish I could have known you longer. May you rest easy friend, you worked hard and cared for people. May we all be a little more like you. I will miss you until we meet again.

To Susan's family, I give my deepest and sincerest condolences. May you be comforted in knowing that Susan spoke all the time about you all and that being and mother and grandmother was one of her life's biggest blessings. She would tell me how she loved you all "beyond measure". May you find peace and comfort in knowing how she loved her family and may that to carry you through in the hard days ahead.

“ I was heart broken and shocked with the news of Susan's unexpected passing. Such a gentle and caring soul. When I came back from my medical leave, she came to my office, handed me a gift from all the therapists, which she had put together, a book to help me in my recovery and shared some personal stories and advice to help me through. I will never forget that. She will be greatly missed by colleagues and patients alike. She was the kind of person to leave an imprint in one's heart. My most heartfelt condolences to her family.

“ I was a new addition to the Diamond Team a few months ago. Susan embraced me with her kindness and welcomed me with a jar of real honey from a bee farm. That's a big deal for city girl like myself. I'll never forget her kindness and funny stories she shared with me. Susan was a gentle soul for sure and has touched so many lives in a profound and positive way. Susan will be truly missed. Extending my deepest condolences, love and prayers to the family during this very difficult time. Rest in Heaven Susan and say hello to my grandma for me.

“ I am honored to have known and worked with Susan for the past five years. She was always welcoming, supportive and generous with everyone that she encountered. She never forgot a birthday or a holiday, and made sure that everyone was recognized. She did a lot of things behind the scenes, and always expressed concern for others. I am deeply saddened to hear of her passing, and she will truly be missed. I pray that God will provide her family with the comfort and strength needed to get through these difficult times.

I will never forget our last conversation, when she asked if I was okay and told me to take care of myself. Thank you Susan, for those encouraging words. I plan to do just as you suggested.

“ In these times of celebration or sorrow words are hard to explain how the loss of a co-worker friend affects you. I met Susan here at Dallas VA and worked with her in caring for our patients. She was always a step ahead of her care and displayed this in many ways. It was shocking to hear of her passing. She will be missed...I will miss her as I was always contacting her for one reason or other. Please accept my condolences as she is now at peace. God love her always.
