“ *Gail was more than just a coworker to me. She was mother and a friend. She was always supportive of me and my wife and willing to do some, what would be looking back, risky adventures, which where hobbies that I had at the time. Riding on my motorcycle, flying in my powered parachute, were some of those times, all at the tender years of around 70. She always said how much she thought of me, but I really appreciated her warm heart and even that spunky side of her. I cherish that you where part of life. Your missed, but never forgotten. May your soul rest in peace. Love you.*

Thank you for the kind words and memories; they're much appreciated. Your "adventures" meant so much to her and to us. As did you and Stephanie. Thank you.
