Mr. Brandon Stone, a dedicated father, cherished son, beloved brother and forever friend passed away on March 24, 2026 in Terrell.

Brandon was born in Dallas, Texas, and raised in Terrell, Texas, where he grew up surrounded by family, friends, and a community that came to know and love him. He was a devoted son, father, brother, and friend whose presence brought strength and warmth to those around him.

He is survived by his loving father, Anthony Stone Sr., and his stepmother, Kellee Stone; his beloved daughter, Anais Stone, who was the light of his life; his sister, Brittany Stone; and his brothers, Anthony Stone, Jr., Torey Stone, and Tremaine Stone. “ Brandon, there's so much to say about you. I don't like taking pictures. You would always hide your face, and I would smile and say, look at him, that was a way to get his sister to wrestle. With him and I would just laugh because I see the love between the 2 of them, it was so bittersweet.\n But finally, he would go ahead. And take the picture\n And when I see him and it's been a while that I have seen him , he say hey auntie and I say hay tall in me and He would laugh brandon, you know you will be miss and the love I have for you would always be there it would Never leave me rest in god , loving on until we meet again.

“ Brandon was my little big brother. I called him that because even though I was older, he was always so much taller than me and he never let me forget that. He would always find a way to make me laugh when I cried, and smile when I didn't want to. I would give anything to have that back again. I love you little brother.

“ *My name is kathryn petty grandmother. My favorite memory Brandon was when I bought him camouflage short set. I attended a home fellowship with my brother in law Joseph and Stephanie Petty and all the girls were admiring him. Yeah Brandon said he remembered that incident. Another time when we went to six flags and he was walking with his grandpa looking at the rides and he told his grandpa, I don't do upside .*

*FYI Brandon and I spent weeks at night and long days replacing floors at Restoration Church where his memorial is at. We did the bracing and subfloor together then he did all the laminate and painted the whole place and more by himself. Give anything to go back in time and be just starting that job w him again.*
