Coach "DOC" Ryan passed away peacefully on December 12, 2024 at his residence surrounded by family. He was born June 1, 1948 in Toledo, Ohio to Howard and Helen Kelly Ryan, both of whom preceded him in death along with his brother, David Ryan.

Doc was the son of a career military family and lived all over the United States and Germany attending schools in Germany, Florida, Georgia, Arkansas and Oklahoma, graduating in 1966 from Eisenhower High School in Lawton, Ok. After graduation, Doc enlisted in the U.S. Army dutifully serving his country and was stationed at many bases as well as in Vietnam. After being honorably discharged, Doc attended Cameron University in Lawton. While at Cameron, he also excelled as an athlete on the college's football team. Upon receiving his degree, he began on a long and fulfilling career as an educator. Doc moved to Terrell and began coaching and teaching in 1982 where he coached

football and track, taught Health Sciences and PE and, while it was still offered at the TISD campus, driver's education. He retired (the first time!) in 2014 but never one to stay still, he began working with Mabank ISD where he continued to make an impact on young lives and colleagues. In the last few years, Coach Ryan returned to TISD and helped in every way he could by being in the classroom as a stand in teacher or coaching PE to a new generation of Terrell at the GLA campus. His constant smile and always welcoming personality made him a favorite of all the students and while many were blessed enough to have Doc as a coach and teacher, ALL were blessed to have his wisdom and encouragement.

Coach Ryan was a frequent sight in the halls, on the field, on the track, and in the classroom and whether he was inspiring everyone with his words or his example, he became a mentor to countless students over the years. His signature phrase "Looking good!" was his unique way of encouraging, interacting and relating to not only his students, but also to fellow faculty and the parents. His iconic personality was a beacon of hope to many of the youth who needed that type of attention and commitment from an educator. Coach Ryan's example of hard work accomplishes achievements gave all who met him, young or old, student or teacher, resident or visitor, the example they needed to make their own dreams come true. There are surely an infinite number of stories of how Coach Ryan inspired, motivated, influenced and positively impacted every one of his players and students and each story is an echo of the passion and enthusiasm Coach Ryan displayed every day as a gifted educator.

Coach Ryan leaves his legacy to be carried on by his sons: Truck Ryan (Stacie), Justin Ryan (Jessica), David Ryan (Audrey); grandchildren: Averi, Collin, Gabrielle, Hannah, Arick and Ryder; siblings Thomas Ryan (Kathy), Diane Nichols (Dave) and John Ryan; former wife and mother of his children Deb Livingston, as well as several nieces, nephews, other relatives along with the countless students. Coach Ryan embodied the true spirit of a born

educator- words matter and, with hard work and dedication, success can ALWAYS be achieved.

“Looking good!”

“ Without and Coach Dan, this picture never would've been. Doc
made it possible for me to escape poverty because he believed in
me and showed me the way.

“ I played football for Coach Ryan during his first 3 years at Terrell. I
have never worked so hard for someone's approval. He had a gift of
getting the most out of you, and he certainly brought out the best in
me. I loved him!

“ Played ball with both Tom & Dick many years ago in Germany when we were in our teens. Dick was really good and a tough ball player. We went our separate ways like all Army brats until Connie started connecting us all via the internet. Fortunately Tom & Dick came by our place in Florida for a visit almost 60 years later in May 2022 and we had a chance to catch up a little. It's nice to see Doc was loved and had such a positive influence on so many young people. He'll be missed.

“ Cameron University Defensive Back (Doc Ryan) and I (Bob Densmore) cross paths during a college football game. He was coming upfield to make a tackle and I caught him with both feet down and ran over him while blocking for SWOSU. He shared this story when I was the principal of Terrell High School (2000-2008). We always got a great laugh. Doc was one of kind. He was instrumental in helping his students become great adults. He never gave up on anyone. He truly is one of the best coaches I ever been around. RIP Doc..... looking good!

“ I think definitely one of my favorite “memories” with you is when you saved my life, not joking. I was drowning, as a baby and you had no hesitation to jump in that water. I don’t think i had too many memories of the past year with you because we are so far, but after your diagnosis, we visited so much. I got to hug you for the last time the day before my birthday, at thanksgiving. You always had a rough exterior, but god knows how much you loved us all. BUZZ won’t be the same without you. I know you aren’t in pain anymore, and im glad. Rest in peace uncle dick. Me, Gigi, and papa love you so much.

“ Oh Dick, I have so many wonderful memories of growing up with you. Tom tells me he remembers you both holding Dave and me on your laps on the way home from the hospital when we were just newborns. I also remember pictures of you both grinning from ear to ear as you held us. However, my first actual memory of you is riding on your back as we flew down farmer’s hill on a sled. As I got older, you gave me rides on the back of your Triumph motorcycle and taught me how to drive...including parallel parking and driving a standard 😊. I feared nothing if you were with me. I was always so proud that you were my big brother!
Thanks for being the cool uncle to my girls and making my Dave feel like he was your fourth brother.
My memories, and the legacy you leave behind are what is carrying me through what is one of the saddest times of my life. 💔
I love you so much more than you ever felt comfortable letting me say....I said it anyway, and I am so happy I did.

“ *When I told him I joined THE USAF, he told me it was going to be hard--but that I could do it. And it came full circle upon retirement. 20 years later and looking back...it WAS hard. All of it was hard, retirement was HARD. and he was telling me how hard it was going to really be, and I did it, Coach, my brother from another mother, my brother in arms. Later Coach--Jessica A.*
