“ My deepest condolence and prayers go out to the family. I met Donna in 1971 in Alabama. She was there for me when I was away from home for the first time, newly married and pregnant. She taught me how to be a good mother and was always there for me. She took me under her wing and made me feel at home. I wish now that she had taught me her cooking skills because she made the best fried chicken and homemade spaghetti sauce ever. We kept in contact over the years and a few years ago I got to go to Texas to visit for the first time in many many years. It was like no years had passed. I will miss sending her cards and knowing I could talk to her. My love goes out to the entire family. I am so sad I can't get to the service. God Bless!
