“ Gary was my boss at the Tulsa World. He taught me quite a few things. He led with fairness in his heart. He loved hating on my Sooners and he loved talking about his Longhorns. He loved the outdoors, hunting, fishing and football. The only the he talked better about was his family. He had great love for Sofia and Jake. He spoke of them often.

I will remember him well and I have and will remember his family in prayer.

May the love of Christ bring you comfort in this time of sorrow.

“ I also worked with Gary at the Tulsa World. As others have said, he was just an all-around great guy. He worked hard and inspired others to do so. He was a solid member of our management team and was always willing to answer questions or help out in any situation. We flipped burgers together and adjusted print schedules! He always had a picture to share of his family ... I'm thankful for the time I got to work with him. Prayers for you, Sophie, and your family.

“ *I worked with Gary for a number of years at the Tulsa World. He was such a great guy. He loved his work, but loved his family & friends more. He was such an avid outdoorsman! His whole office was decorated in dead animals!! So, when I retired, I left my floral wingback chairs in his office! Boy... he was not happy however he laughed hard and moved them into his boss's office! I'm devastated for his family. Know he was a super great guy who will be missed dearly. RIP, Gary.*

“ Gary was one of the most talented people that I ever worked with. He was very highly regarded in the newspaper industry for his talent, work ethic and personal character. His reputation of honesty and integrity was well known and his press knowledge was legendary. I enjoyed working with Gary and am devastated to learn of his passing. As much as I admired Gary’s professional talents, it was his love of his family that struck me most. Prayers go out to all that loved Gary. He was a great man that will be deeply missed. RIP Gary.

“ From the day I met Gary he inspired me with who he was, I always looked up to him and a friendship started, I was so fortunate to have such a friend. Gary was only one of a few people who ever has gotten close to me with being a friend, I will miss him but I know he is in a good place and we will meet each other again. Just last Friday I sent him a text, he text me back and said he would get back with me, unfortunately we did not get to speak to each other again. He will always be close to my heart and is missed so much.

“ Not a day has gone by since I heard this sad, sad news that I haven't hung my head and closed my eyes to breath. Gary is, was and I have no doubt while in the arms of the Lord, will always be a class act. Beloved by his family, friends and associates alike. Always a kind word from him about anyone. Always looking for the good in people. I'm so grateful that I had time for a visit at the newspaper a couple of months ago before I retired form the industry. Little did I know it would be the last time I ever saw or spoke with you. That final hug as brothers and both saying "I love you Brother" means even more now than I could imagine. Be at Peace my friend.
