

Dr. Gene Arnold DDS

April 8, 1935 - December 19, 2024

Dr. Gene Ramon Arnold, of Rowlett, passed away on December 19, 2024, with family at his side. Dr. Arnold was born April 8, 1935, in Paris, TX to Martin Luther and Clyda Louise Arnold, both of whom preceded him in death, along with sister, Wanda Lou Arnold Seay.

Dr. Arnold was a graduate of Paris High School, proudly attended the University of Texas and graduated with his bachelor's degree from the University of Texas at Arlington. He received his dental degree from Baylor College of Dentistry in Houston where he was awarded the most outstanding dental student of his graduating class. After receiving his degree, Dr. Arnold moved to Richardson to raise his family and begin his dental practice. He worked at his craft for 54 years. His patients became his friends, and he was often the dentist of 3 generations of patients' families. On May 4, 1984, he married Patricia Ann Phillips at Lakepointe Church in Rowlett.

When not at the office, Dr. Arnold enjoyed hobbies of fishing, hunting, woodworking, coin collecting and trading stocks. Like his legacy of determination at dental school, it didn't matter what he found interest in, if he decided to do it, he was determined to become the best at it. He loved being with people and dearly loved spending time with his wife, his family, his friends and neighbors, who became his family, too.

He leaves his memory to be forever cherished by his devoted wife, Patricia; children: Kim Annette Williams, Kerry Kipling Arnold and wife, Patty, Kris Alan Arnold and wife, April; sister, Debbie Martin, grandchildren: Chase, Amber, Amy, and Autumn, and great granddaughter Juniper, as well as other treasured extended family and friends.

Graveside service for Dr. Arnold will be at 12:00pm, Monday, December 23, 2024 at Restland Memorial Park.

“ *He was a very good dentist. I was one of his first patients when he became a dentist you could call him day or night and he would see you. My condolences to the family. I will never forget all of those fish on the wall that you looked at while he worked don't you. Carol Lipe*
