“ *Helen was absolutely a favorite of mine when we worked together at 4100 Bryan. I would spend time visiting with her on the 3rd floor when I worked DACS and she was the supply CHIEF. She always kept me up with the newest tools. When I retired here in Denver in 2009 I kept the Volt-Ohm meter she ordered for me back in the mid to late 80s and said don't tell anyone that I ordered it for you else everyone will want one! I still use it around the house over 30 years later and every time I lay eyes on it I think of Helen. She was so sweet to me and I love her for that. She was blessed to have Bill and Bill has been blessed to have had Helen. I always saw kindness, respect, playfulness, and love for each other when I was in their presence. Bill, you are in my deepest thoughts.*
