

Jeremy Wayne Kennedy

June 1, 1969 - December 21, 2016

Jeremy Wayne Kennedy, of Terrell, passed away December 21, 2016. He was born June 1, 1969 in Fairfax, VA to James and Barbara Kennedy. Jeremy was welcomed into Heaven by his grandmothers who preceded him in death. The son of a loving family, Jeremy moved to many places such as Texas, Virginia, California, Utah, and Washington State in his youth and settled in Rockwall, Texas on a 15 acre ranch. Finding that he and his wife, Margaret, needed more room to raise their family as well as expand their dream of rescuing horses from adverse situations, Jeremy began a search for the perfect place to expand and after four years, found the new location for Silver Lining Training Center in Terrell, Texas. He was the president of their rescue group and also worked as a Senior Engineer for AT&T, where his reputation as a premier problem solver was well known among his colleagues. Jeremy had a quiet temperament until you were able to really spend time with him and then his wit and quick comebacks in conversation would keep you on your toes. He had a voracious thirst for knowledge and knew something about everything especially how to make successful plans to create, build and conclude any project or task. He enjoyed every John Wayne movie and watching these movies while spending time with family was one of his greatest joys. He was well known for his firm statement of "We don't need that!" only to relent minutes later when Margaret, one of his children or his many friends would provide the reasons why and he would lovingly give to them what they wanted as well as making sure that he went the extra mile to

ensure that they were happy. A rock solid persona (much like his hero John Wayne) Jeremy's legacy of love and giving will be treasured always by his family and his many friends.

He leaves to cherish his memory his beloved wife Margaret, his 9 children, Christopher, Stephanie, Danielle, Justin, Jason, Amanda, Joshua, Alexandra, Kailynn and his grandchildren, Kayden, Evelyn and Elizabeth Rose. He also leaves behind, his parents Jack and Barbara and siblings, Jeanette, James and Jennifer. He also had several nieces, nephews, extended family and a host of friends who loved him greatly.

A gathering of family and friends will be 6-8pm, Thursday, Dec. 29, 2016 at Max Slayton Funeral Chapel. A Celebration of Life will be held from 3 pm. To 5 p.m. on Friday, December 30, 2016 at Silver Linings Training Center 14737 FM 1392 Terrell.

“ JK as we usually called him on call and chat,
we were the Tier1 Team and he was Tier2
Lead at that time in AT&T. I remember
because of this deep voice , we feared a bit
initially to ask questions but he was very calm
& cool, very helpful through out. His deep and composed voice
always gave us confidence. He was always there to help even late
in the nights. He will be missed. May his Soul Rest In Peace.

CP

I remember when I came to work for AT&T in the summer of 2008 to work on the same team as Jeremy. I remember one early day where everything seemed extremely complicated, so I called Jeremy and asked him about 100 questions, about all the things in the system that I didn't understand. The call went on for a long time. Jeremy patiently answered all of my questions. He was always a very patient guy.

I also remember how Jeremy would always think a lot before responding to questions, and, in tense, situations, remain very calm. Sometimes, as a team, we would have some kind of operational issue, and I remember these times causing some tension in some of us. Jeremy always had the most relaxed and steady composure and voice in these situations, was usually the voice of reason on intense calls, and this would go a long way in keeping the team moving forward. I learned some of these skills from him, and am very grateful to Jeremy for them.

Jeremy was very good colleague and friend. His steady demeanor, his wit and jokes will be greatly missed!

My husband, Jeremy Kennedy, loved his AT&T family. you all meant so much to him. I am grateful that he was able to do something that he was not only good at but loved to do for so long. Thank you all for keeping his passion and passion and not make it feel like everyday work. He always said he loved to do the technology but the people made him love his job. I thank you for that.

Margaret Kennedy - January 01, 2017 at 12:55 PM

*“ I worked with Jeremy as a contractor. He was a good man to work with. I was disappointed when he was moved from our team lead and put on another team.
He will be missed.*
