“ What can I say about my friend Kenad,
Well, we went to school together, had a blast loading them coke machines, run around together after them school days, had a bigger blast, boy love them overhauls, Lost touch over the years, I guess we grew up and started familys, I just wish I could have sit down an shot the breeze with you one more time, Im sure we had alot to talk about. Its kinda crazy how life works when you stop and think about all the good people that passed thru it with you.
Im sure youll be missed by many, I know Ill never forget all the goods time we had.
Untill we meet again, Love ya Brother.
