

Larry Edward Balicki

February 13, 1948 - September 15, 2025

Larry Edward Balicki, a man who meant so much to so many, passed away in Dallas on September 15, 2025. He was born on February 13, 1948 in Monroe, MI, to parents Benedict J. and Thelma Balicki, both of whom preceded him in death.

Larry moved to Texas with his best friend and wonderful companion, Norma Bell, from California, embarking on a life filled with joy and making memories. In Texas, Larry built a community of friendships filled with many new friends, playing poker at the VFW, where laughter, friendship and card filled many evenings. He also loved visiting with his neighbors, going fishing, and playing music. A self taught guitarist, Larry continued to sharpen his musician skills by writing his own songs as well as collecting other instruments. He was a proud veteran having enlisted in the US Air Force and his love for this great nation and the people in it made Larry proud to have served with honor and distinction. Throughout his lifetime, his patriotism was unwavering. He was an avid Dallas Cowboys fan and every game was a chance for Larry to give a hearty "Go Cowboys!"

Memories built and precious moments shared will forever be treasured by Norma and the rest of Larry's family and friends. His presence in others' lives made an impact and knowing that he is at peace gives those who loved Larry most the greatest comfort. He will be forever remembered as a man who valued family, friends, and the bonds that make life meaningful.
