

Melynda (Lyn) Foster

October 28, 2024

Melynda (Lyn) Foster passed away on October 28, 2024 in Terrell, TX at the age of 78 years old. Lyn was born in Stuttgart, Arkansas to parents Bob and Bea McNeil. She was one of five children. She grew up in a bustling household and always had lots of cousins around. From an early age, she had a great love of animals and was always bringing home cats and other critters.

She attended nursing college at Texarkana College and that is where she met her husband, Geary Foster. They settled in Dekalb, TX, and had three children. She decided to stay home and raise the kids for a while. She was active in her local church and played the organ there. Also, she taught piano lessons. She did go back to nursing school and received her Masters Degree in Nursing. She loved her career and taking care of people was what drove her.

She is survived by her two daughters, Amanda Taylor and Joelle Foster. Her son Neil Foster preceded her in passing by three years.

Tribute Wall

LS

“ *Lyn was the younger sister of John McNeil (my beloved). We would visit with her when we were in Texas. I remember her asking John if he remembered the lickey mae parties they had as children. A game they would play by making a tent out of blankets and eating candy! I loved all of her children as did John. Been thinking of you, Lyn, lately. Rest in peace, my dear.* ”
