“ *Our condolences to all the family on your loss. He was a special nephew and we all can share stories of him. He was a constant contributor to our family site with interesting tidbits of old friends ,neighbors and family. Even though he lived away from us he closed the gap with his stories and questions. RIP Ricky.*

“ *Almost all of the strange animals that my kids grew up with were all of the “SURPRISE” kind. Rick would just show up with an animal in tow. We had a goat, 2 pot bellied pigs, ducks, raccoon, squirrel monkey, spider monkey, baboon, ferret, hamsters, parrots. I must say that most were entertaining but a lot of responsibility.*
