“ I dealt with Don Coleman when he did marketing working for Amega Industries. I always looked forward to speaking with Don on the phone because he was very sincere and caring. He made me feel good every time we spoke on the phone and I had a feeling this was his gift to others as well. He was a sweet and dear man whom I will not forget.

Absolutely love this dear man Don whom I viewed as my second Dad while growing up in Terrell and being best friends with Kim. He was always the calm and stalwart type we knew we could depend on. Prayers are with you all. Much love
